RE: COVID-19 Update

We are currently monitoring information both at the state and federal level to determine ongoing plans both in the short and long term in response to COVID-19.

Effective immediately, we are further changing our business practices to align with updated guidance. Our office has reopened from Monday – Thursday from 10am to 2 pm. Our office lobby is currently closed to the public through the end of May; however, we look forward to hearing from you. Feel free to give us a call at 803-794-9661 or email at info@capitol-tours.com. For any needs outside of our business hours, our on-call voicemail will be available and monitored 24/7.

We are look forward to serving you and getting your group back on the road!

Stay well,

Your Capitol Tours Team
